IMPACT Graduate Program in Corporate Investment Banking – Network & International Network

Program Description:

Impact Graduate Program is a **18-month** development journey that will give you a unique insight into UniCredit. Thanks to a **rotational path**, you will get to know **various business lines** and areas of the bank, acquiring skills and competencies, and creating your own network.

Area Description:

UniCredit **Corporate & Investment Banking** (CIB) offers local expertise as well as international reach and accompanies corporate clients globally, providing them unparalleled access to 16 home markets and another 18 countries worldwide. With more than 3,500 professionals, CIB offers Corporate Banking and Transaction Services, Structured Finance, Capital Markets and Investment Products.

CIB **Network** serves multinational companies and large corporates, as well as financial sponsors and financial institutions. Our teams - supported by senior bankers - provide clients with transaction services, structured finance, investment products, and access to capital markets. Alongside these services, we also support our clients as consultants, integrating advice into our existing products and helping firms discover opportunities in new markets.

The International Network accompany our clients globally, providing them also unparalleled access to correspondent banks covering 175 countries. Moreover It selectively capture the growing business flow from the Americas, Asia, and Africa, to Western Europe and CEE.

What we expect from you:

- Excellent University degree and academic records
- Relevant international experience
- Relevant work/internship experience
- English fluency
- Available for International Mobility
- Full-time availability starting from May 2017

What we offer you:

- 18 months on- and off-the-job learning
- Job Rotations (at least one abroad)
- International experience
- Individual Learning and Development path
- Networking activities and events
- Full-time contract from the beginning
